### Please Read

#### Pricing

##### **1 - 10 If the situation is rated 1 – 10 the cost of a clearing is \$225**

I have been doing clearings for 25 years. My prices have not changed in the last fifteen years. I rate clearings on a scale of 1 - 14. The scale of energetic misalignment (and the final price) is established once I go in to check the situation.

##### **11 - 13 If the situation is rated 11 – 13 the cost of a clearing is \$225 + \$75 = \$300**

If the situation is over a 10, my colleague (who I hire to do the heavy lifting so to speak) is enlisted to clear the more seriously misaligned energy (additional \$75) which brings the situation down to a 10 so that I can then finish the clearing, bringing it down to neutral. A report is issued 24 hours after the clearing is settled. The \$75 charge it is not known until the process is begun. I pay the \$75 directly to my colleague.

##### **14 If the situation is rated 14, the cost of a clearing is \$225 + \$75 = \$300 + (optional) \$150 = \$450**

Once I begin the process (meet up with the energy) is when the score (1 - 14) is determined. If the situation is a 14, a single clearing (\$225 + \$75) can only bring the situation down to a 12 or 13. While a 12/13 is far better than a 14, a 14 cannot be reduced to neutral with a single clearing. A 14 then becomes a two-step process to get to neutral for which I offer the 2<sup>nd</sup> clearing at half-price. A report is issued 24 hours after the first clearing has settled apprising the client of what was found with the suggestion of a 2<sup>nd</sup> clearing to bring the situation to neutral.

The optional 2<sup>nd</sup> clearing (\$150 total--half to partner and half to me) clears the situation a second time to support the client to get the situation to neutral. The 2<sup>nd</sup> clearing should be done immediately, or within a week of the first clearing.

A 14 is truly a very difficult energetic. A 14 expresses as physical abnormalities and symptomology, extreme bad luck, misfortune, etc. 14's are very destructive and influence reality in a very distorted manner. Clearing a 14 to a 12—13 is a bigger improvement than a 12—13 to neutral but the two-step process brings a very significant shift for the client. If a client is a 14, bringing that client to neutral is huge. Opportunity and good fortune, and synchronicity, harmony and order begins to flow again!

Hopefully, nobody is ever a 15. I have seen maybe 3 in 25 years. Something is very, very out of sync. A 15 is very, very serious.

**Note:** In years past, with an average of 1,200 clearings a year, I only found about 60 14's per year. In this past year (2017) and since, I have seen a massive upswing in 14's. 2017 produced in excess of 600 14's! 2018 is even more. It is thought that the breakdown of society; the misdirection caused by so many dysfunctional influences has generated a massive overload felt by everyone. It is thought the above contributes to the influx of destructive 14 energetics.

### **Documentation/Testimonials**

Please consider documenting your experience even if just for yourself. Documenting what you are experiencing contributes to the awareness of your experience. As a separate matter, sharing your experience with me as a testimonial helps me help others. It helps people understand what is possible!

### **Request for your picture (helps me keep clients straight)**

Presently, I do approximately 1,500 clearing a year. It is a huge undertaking with an average of 6 or 7 clearings a day, 6 days a week. Sometimes I get names mixed up especially if I have 2 new clients named "Lisa". Please submit a picture of yourself so that I can associate a face to the person on the phone. I do all of my work by phone and text and as I get busier, I need your help.

### **Please, No Contact during Clearing Process**

Because I become involved with the energy, it is imperative that you do not contact me prior to the completion of the Clearing. **I will contact you by email or text** (depending on which we are using) 24 hours **after** the Clearing is complete. If the Clearing is a 14, we cannot have contact until 24 hours after the entire Clearing is complete. I cannot report on the Clearing until the energy is settled. Thank you for understanding.

A [significant number of testimonials can be reviewed here](#).

I recommend a Destiny Card reading prior to clearing to enhance the clearing experience. Readings are often on sale for \$99 and provide a massive insight into the situation.
